

Willow Class Term 2 Celebration Newsletter

Willow Class have had an amazing second term. It has been filled with Christmas cheer and festive fun!

We have loved practising for our nativity this term.

Our favourite song is Hallelujah- we hope everyone enjoyed it in our performance.

Christmas crafts have been a huge hit in Willow class! We hope you have all enjoyed your fudge and soap.

Willow Class have enjoyed reading 'The Dark' by Lemmony Snickett. We have discussed trailers and their purposes, as well as developing characters. The class have also looked at non-chronological reports and have started writing their own.

In Science we have continued on with our materials topic, testing plastics and how hard/soft they are.

For Geography we have delved into the 7 continents, 5 oceans and the 4 countries in the UK. We have also looked into clouds; we even had daily special 'cloud watchers' who told us if the clouds were 'stratus, cumulus or cirrus' and whether they had a nimbus variant.

In Maths the class have been concentrating really hard on addition and subtraction while crossing tens. We have also started our topic on 2D and 3D shapes, numbering the vertices and sides.

Here are some of the amazing things Willow class has done! Next term we will be moving on to Castles in History. I am so excited as we have lots planned. The children will be making their own castle structures. We will also be learning about animals including humans. We will also be looking at money at the beginning of next term 😊

**Well Done Willow Class!
I look forward to seeing you all after half term-
Have fun this christmas!**

Don't forget to keep reading over the Christmas holidays.

P.E days are Monday and Friday
