

## **Lower Halstow and Newington CEP Schools Federation & Nursery**

### **Governing Body 5 Year Strategy Headlines 2023 - 2028**

This strategy underpins the educational aims of our federation and ensures a solid foundation for developing practice, mitigates risk and looks to the future. Educational aims for each school are covered within detailed school improvement plans and on the curriculum pages of the school websites.

#### **Collaboration**

- Extend & embed successful collaboration with other schools to ensure we are open to possible future formal partnerships dependent on national policy
- Build on successful secondary partnerships to further strengthen transition and secure secondary readiness for all
- Governors to develop specialist areas of expertise through training and linking with other governors
- Explore options for developing pre-school provision at LHS in partnership with local providers

#### **Sustainability & Greener Governance**

- Reduce carbon footprint through the use of sustainable energy solutions & upgrades to infrastructure
- Find innovative ways to use the outdoors and our natural environment as an integral part of our curriculum
- Develop cutting edge practice in the use of IT for curriculum (inc digital literacy) and in administration
- Extend profession development pathways available to staff to ensure ongoing success of 'growing our own' succession planning strategy
  - Further develop our outreach capacity (staff retention, income generation, reputation management)
  - Maintain close links with ITT HEI (CCCU) and develop opportunities for middle leaders to support courses.

Formally agreed 27/9/23 at full governing body meeting.
